MANIFESTING THE EXCITEMENT OF MARCH

Can you feel it? The excitement is building as we gear up for that much-anticipated time of the year – Spring Break! Whether planning a tropical getaway, a road trip with friends, or a relaxing staycation, there's something special about the promise of sunshine, adventure, and much-needed relaxation.

About half of all Canadians visit the United States every year and for good reason! Spring break is a great time to visit U.S. trademark destinations such as the bright lights of New York City, the Grand Canyon in Arizona, and amusement parks in Florida with the whole family. Mexico and the Caribbean have recently become more popular for Canadians looking for warm tropical beaches in a more diverse landscape.

In the thrill of planning a spring break escape, many overlook safeguarding their well-being. More than just a safety net, AwayCares True Senior Guard policy provides the confidence to explore worry-free!
